220 License Rent	(\$500.00)
Systems	(\$224.00)
MVRs	(\$43.42)
Cash Payments Owed	(\$589.00)
Net to Doral	\$3,561.09

Basis. Gross commissions are taken from the seven carrier commission statements for June 2026 at the rate each carrier shows, matched to the Doral book by policy number. New Business is the 18 new policies on the June binder sheet; Renewals & Adj. is the 45 renewals plus prior-month activity (endorsements, cancellations, as-collected commission) and carrier adjustments. United Auto is carried at 10% as collected, with its 3% promotional incentive excluded.

Operating expenses. MVRs of \$43.42 is carrier-charged — \$8.36 of Pearl MVR costs and \$35.06 of National General loss-and violation-history chargebacks — and is shown here rather than inside the carrier figures above so it is not counted twice. 220 License Rent, Systems and Cash Payments Owed are office figures taken from the expense schedule supplied and appear on no carrier statement; change them here if the June amounts differ.

United chargebacks removed. Six United Auto chargebacks totalling \$1,017.60 have been excluded from this month at the office's instruction: Charlie Hoz \$316.20, Gabriela Liriano \$286.90, Mirloude Petit Frere \$259.80, Ramon S. Torres \$127.20 and two Giovanni Ratto endorsements \$27.50. They remain on United's own statement and in the workbook; only these statements exclude them.
